 Saltsjö-boo Stockholm, Sweden

## Portfolio Github

### Professional Summary

Motivated and detail-oriented professional transitioning into a career in Quality Assurance (QA) Engineering. Skilled in analytical thinking, problem solving and clear communication, with a strong foundation in software testing, QA methodologies and test automation. Familiar with Agile principles through targeted online courses and self-study. Currently building hands-on experience with testing tools like [Selenium](#), [WebdriverIO](#). Eager to contribute to high-quality software delivery in collaborative, fast-paced environments.
